

2026 AUCKLAND AWARDS.

SPONSORSHIP OPPORTUNITIES

Engineering New Zealand Auckland Branch – our local professional community.

We're the
professional body to

10,000

members in the
Auckland region.

Our members' engineering fields
and backgrounds include academia,
government and engineering
and technology firms.

The Awards night – a night of achievement and inspiration.

Join us to celebrate Tāmaki Makaurau's engineers and their unique, challenging and critical achievements. The Auckland Awards evening is not only a night for celebration but an opportunity to inspire the next generation of young engineers.

Enjoy a night unlike any other, an evening of awards and entertainment, alongside delicious food, drinks and networking at the prestigious Museum of Transport and Technology (MOTAT).

Friday 15 May 2026

MOTAT, Auckland

Align your brand with engineering excellence.

Show the wider public your commitment to supporting excellence in engineering. You'll be among key players, high-achievers and dignitaries in the engineering profession.

Host your clients

Reward your clients and colleagues with an unforgettable evening, buzzing with anticipation and inspiration.

Get your brand out there

Amplify your visibility across the engineering sector. Your brand will feature prominently, reaching a targeted and influential audience.

Leverage social media activity

Take advantage of the social media buzz before, during, and after the event.

Connect with an amazing experience

Don't just be seen – be remembered. Associate your brand with an inspiring evening that's set to leave a lasting impression on attendees.

- Recognition by MC
- Display of company banner in reception space

The celebration

- Mention in winners announcements on social media and newsletters.
- Logo placement on full page awards ad in *EG* magazine (winners announcement)

The award categories.

Luminary Award

The Luminary Award recognises a member of the Engineering New Zealand Auckland Branch who has actively and positively promoted Engineering New Zealand and the engineering profession. The winner is chosen for their distinguished contribution to the development and growth of Engineering New Zealand within the Auckland region, and their embodiment of the Engineering New Zealand Code of Ethical Conduct, as recognised by their peers.

Emerging Leader Award

Awarded to a young engineer who has demonstrated outstanding leadership qualities, excellence in their career and a contribution to their community. Their work makes New Zealanders' lives better.

Student Award

This award recognises an undergraduate engineering student or group of students who have demonstrated exceptional leadership, collaboration, and impact within the engineering community. It celebrates students who go beyond academic achievement to inspire peers, contribute to the profession, and make a positive difference socially, environmentally, or economically.
