

FORMAL CPD

Structured CPD that typically involves interactive and participation-based learning activities that will help you focus on essential skills for your career development.

ON-DEMAND LEARNING

Work through content in your own time, environment and at your own pace.

- ✦ E-learning modules
- ✦ Recorded webinars or seminars.

TECHNICAL ACTIVITIES

Upskill on your technical knowledge and become more specialised in your field.

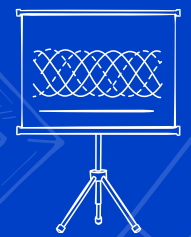

- ✦ Attend technical group seminars, webinars and meetings
- ✦ Develop or revise technical standards and codes
- ✦ Read technical literature, such as Practice Notes or guidance documents
- ✦ Take part in technical discussion groups.

LIVE LEARNING

Collaborate with your peers in real time and learn from an expert presenter.

- ✦ In-person workshops and courses, including live webinars or seminars.

FORMAL EDUCATION

Formal recognised qualifications that will help you secure work.

- ✦ Further education and tertiary courses.

COMMITTEES AND PANELS

Contribute with others to the engineering profession.

CHARTERSHIP

Get the highest mark of technical registrations, plus enhance your credibility and career.

- ✦ Apply for Chartered Professional Engineer or Chartered Membership.

INFORMAL CPD

Covers all unstructured learning.

SITE VISITS

Gain access to engineering projects that you're not involved in, get out in the field and see engineering in real life.

MENTORING

Develop personal and professional skills to meet your goals and help others.

- ✦ Engineering New Zealand's Mentor :: Me programme.

VOLUNTEERING

Help advance your career, grow your leadership skills and provide guidance to your engineering peers or rangatahi.

ENGINEERING CONFERENCES

Collaborate with your peers in real time, learn from expert presenters and get the latest information on what's happening in the industry.
