AUCKLAND & NORTHLAND YGP Symposium

21ST NOVEMBER 2025

The seventh Auckland & Northland Young Geotechnical Professionals' Symposium is happening on 21st November 2025. The event provides a great networking opportunity and a supportive environment to learn from each others' experiences.

What is it?

A one day event where the young people of the local geotechnical industry gather to share and learn from each other. Hopefully you will not only learn but leave more enthused and motivated for your career. It is a shortened, local, less formal version of the highly successful ANZ YGP conference.

Who is it for?

Young members of the NZGS (under 35 and / or less than 10 years' experience) based in the Auckland and Northland regions. No matter what your discipline or background, come along to learn, connect and have some fun.

Will everyone present?

Yes! Everyone will be required to present, so everyone gains the same experience and opportunities.

What is required of me?

To register you need to provide a 100 to 200 word summary of a geotechnical topic which you can commit to making a 10 minute presentation on at the event. The topic should be something that your peers can learn from. This could be:

- A project in which you have learnt something**
- An original investigation or examination of a topic**
- A resource or paper you find valuable for your work**
- An item of research**
- Other - it just needs to be something geotechnically relevant that others can learn from.**

The presentation should be at your level.

No written paper is required. There will be a short question time after each presentation. There will be two friendly senior mentors present on the day to provide advice and feedback.

What is the due date?

Please email your presentation summary (abstract) to **aucklandygp2025@gmail.com**.

Don't forget to put down, your name, occupation, and company / university within the abstract.

The due date for registration and presentation summaries (abstracts) is Monday 3rd November 2025.

We will be in touch with everyone who registered in early-October. Prepare your presentation slides and practice, practice, practice.

towards professional development.

There will also be a 'people's
choice' award so it's worth your
time practising your presentation
in advance.

Presenter Declarations

If your presentation is related to
a project you have worked on,
you should get approval from
your employer and the client
prior to the event. You will be
asked to complete a presenter
declaration form indicating that
you have obtained all the necessary
permissions. Feel free to contact us
if you need some help with this.

Presentation Guidelines

For the day to be successful your
presentation needs to be of a
high quality. We expect you to
have spent 5 to 10 hours ahead
of the event preparing and
practicing your presentation.
We recommend you:

1. Be clear of a few key points that
you are sharing, make sure they
are clear to the audience
2. Don't clutter your slides, you
only have 10 minutes – pictures
and graphs with a few words are
best. Good presenters don't just
read from their slides.
3. Don't have too many slides.
As few as 7 or 8 may be
adequate – more than
20 is probably too many.
4. The audience hopes to
be informed, inspired and
entertained. Try and include
a good mix of examples,
factual evidence, illustration
and personal stories where
possible.

5. Practice your presentation by
yourself to hone your timing.
The presentation time limit will
be strictly enforced on the day
and you don't want to be cut
short of your punchline!
6. Practice your presentation to
a few others and improve it
based on their feedback.
