

WE'RE BRINGING ENGINEERING TO LIFE TO ENGINEER BETTER LIVES FOR NEW ZEALANDERS.

OUR AMBITIONS

Engineers of Aotearoa are, and Te Ao Rangahau/Engineering New Zealand is...

PROFESSIONAL

Technically skilled, credible, trusted and valued by the communities they serve and live in.

CONNECTED

Nationally and internationally linked with the profession, allied disciplines, government and communities.

LEADING

Champions of the sustainable change needed to solve society's and the planet's complex challenges.

THRIVING

Building a diverse, equitable and inclusive profession where everyone is equipped to succeed.

OUR OBJECTIVES

We're committed to the following priorities

1. PROFESSIONAL REGULATION
Changes to the CPEng process and legislation increase public confidence and hold the profession to appropriate standards.

2. ENGAGED MEMBERS
Members are connected and growing professionally and technically.

3. CLIMATE ACTION
Engineers, stakeholders and the wider industry are supported to take informed positive action to respond to climate change.

4. CHANGE MAKERS
Te Tiriti, diversity, equity, inclusion and innovation are central to equipping our profession, and fostering future engineers.
